At the conclusion of the seminar participants will be able:

- Practice ethical decision making in complex cases incorporating professional ethics standards and principles, and ethical decision making model and current law.
- Learn current ethical guidelines and legal issues regarding duty to warn, confidentiality, HIV reporting, etc.

About the presenter

Dr. Graham completed his doctorate degree in clinical psychology from Georgia State University in 1994. In graduate school, he was awarded the John Warkenton Scholarship for “outstanding potential in psychotherapy.” Since completing his degree, he has maintained a private practice in Atlanta working with individuals, couples, families and groups. Dr. Graham also served as Clinical Director for a community mental health agency serving NW Georgia. Additionally, he worked at Georgia State University Counseling Center supervising interns and post-doctoral fellows. He has also presented a variety of educational workshops for agencies in the metro Atlanta area.
